

Pedersen isn't the only problem traffic area, says reader

(Re: Traffic calming measures coming to Pedersen Drive following plea from neighbours, July 5)

I agree with everything said.

The whole area from Wellington St. to St. John's Sideroad to Bayview is an accident waiting to happen.

I live on John West Way at Civic Square Gate. The traffic on John West Way is horrible, I see it every day.

People are using this road as a cut through to Bayview. Driving is aggressive, vehicles passing on this road, in this high-density area: park, senior's residence, condo buildings.

I've seen and heard cars with very noisy mufflers, revving engines, drag racing later at night, especially on the weekends.

I have spoken to the sergeant at the local police detachment, I was told they don't have enough police cars to monitor the streets.

Someone is going to get seriously hurt.

J. Mayer
