

Applications open for Give Back Awards

This year's Give Back Awards are officially open!

Established in 2004, these Awards are an annual \$500 cash prize donated by Magna International Inc. to 20 students from high schools in Aurora, Newmarket, and Georgina. The purpose of these awards is to recognize graduating high school students who have made a positive contribution to fellow citizens and demonstrated outstanding dedication to community involvement. So if you know of a graduating high school student who regularly gives back, encourage them to apply before March 28th, 2014. All award details can be found on the Neighbourhood Network website: www.nnetwork.org/GiveBackAwards.
