

Aurora needs a graffiti crackdown

There is graffiti marking a historic building in downtown Aurora. In fact, another building in the downtown area has been 'tagged' by a person spraying paint in the form of graffiti.

Is a gang tagging this area to be their turf?

At first, I was surprised to see that this painting on the south wall of the Old Town Hall on Yonge Street was so visible. Why wouldn't this type of vandalism be checked by the by law department of Aurora?

After asking a Town of Aurora Councillor about this graffiti, I was told by the Councillor that 'Aurora has no official policy on graffiti'.

So, it seems that there is no agency controlling this type of vandalism in the Town of Aurora. It is a shame that our downtown area is being defaced by someone and that there seems to be a lack of action to remove the graffiti.

Hope that some positive steps to improve the quality of life in the downtown core area of Aurora will start soon!
