

Fed up with Ford coverage

(Re: Truth?and consequences. July 17, 2014)

I just finished reading Alison's article in this week's Auroran entitled 'Truth...and consequences' and it was so refreshing to see somebody voice what I have been voicing personally, for weeks, to all who would listen in my 'circle'.

Mr. Ford has been a fool [his own words] and he is trying to make amends.

So let him, people!

To quote Alison... 'then on this one thing I say, for the love of God, leave the man alone.'

Please pass my thanks on to Alison for a great article!
