

Hockey stick theft ? a sad commentary on community?

I am a resident of Aurora and have been since 1990.

To show my respect and pay a small personal tribute to the Humbolt Broncos members who lost their lives or suffered terribly, like many others, I placed a hockey stick outside the front door of my residence.

It lasted a few days before it was stolen. A sad commentary indeed!

I am not a violent man and if I do find the person who took the stick, I will do no physical harm to him or her. However, I will take a picture of the culprit and forward it to you.

Hoping you would show it in your paper.

I can sleep at night, not sure how the culprit can.

Paul Wells
