

Make your windows an Easter Eggstravaganza in decorating contest

While Aurora's traditional Easter festivities have been cancelled this year, as have many family gatherings, you can still get into the festive spirit by decorating your windows for passers-by.

Create a fun and festive window display and submit your photo by Friday, April 10, for a chance to have your creativity showcased by the Town of Aurora.

As families across the globe are staying at home from work and school due to the COVID-19 pandemic, the Town of Aurora is providing a chance for the community to connect with each other while practicing physical distancing, says the Town. From now until Friday, April 10, make a colourful, creative Easter-themed window at home so your neighbours and the Easter Bunny can see!

There are three easy steps to participate:

- Decorate your window with handmade Easter-themed arts and crafts- Take a picture of your decorated window- Have your parent or guardian post a photo of your window to Facebook or Instagram using the hashtag #AuroraEasterWindow

You can also tag the Town in your photo on Facebook @Town_of_Aurora or on Instagram @TownofAurora.

All participants must continue to practice physical distancing and only participate with members of their immediate household.

Entries will be showcased online on Saturday, April 11.

For more information, visit aurora.ca/easter or call 905-726-4762.
