

NORTHERN LIGHTS: May Horoscopes

May 2014 Horoscopes

By Jodie Cara Lindley

Aries (March 21 ? April 19)

Are you remembering to breathe, Aries? Sometimes this simple act can help you let go of old junk, and welcome in new energy. While relationships are still a going concern for you, things may seem a bit more forward moving in May. Embrace happiness now.

Taurus (April 20 ? May 20)

Trust that everything is exactly as it should be, Taurus. Overcoming difficulties requires work and a willingness to let go. Allow change to happen and do what you can to honor the needs of the moment. By the end of May, you will feel more self-empowered.

Gemini (May 21 ? June 20)

Follow your passions this month. Life will be speeding up, offering you a plethora of chances for connection, healing and movement. By the end of May, relationships will be much smoother. Just remember how much you have learned along the way.

Cancer (June 21 ? July 21)

Follow your intuition and gut feelings now. This will lead you to prosperity and new life force. While April seemed a bit intense and wearying, May will allow you to move forward. Welcome the abundance that is ready to flow into your life.

Leo (July 22 ? August 22)

Pay careful attention to your thoughts and ideas this month. There is gold in the impressions you are receiving, Leo. They will help you move in a very grounded and practical manner, which is required of you now. By month's end you will feel freer.

Virgo (August 23 ? September 22)

Let go of any worries in May, and know that you are supported, Virgo. There are many hands available to help you. This is good to know, because you don't always have to do everything yourself. Trust is your friend now. Welcome it with open arms.

Libra (September 23 ? October 22)

May is for self-nurturing, Libra. Treat your body well and take life a step at a time. You are changing on a cellular level, becoming more empowered and authentic. You may very well make changes that are honoring to yourself: as much as you honor others.

Scorpio (October 23 ? November 21)

Connecting to your sensitivity and purpose is key in May. You may be following a different path Scorpio, but this is your path. You know what is right for you. By month's end you will know what you have to do, and where you need to create equality.

Sagittarius (November 22 ? December 21)

Connecting with loved ones is a continuing theme for you in May. Soul mates are most important now. How will you know a soul mate from just anyone? A deep heart-felt link with another person is a sign. Commitment is key, and is being offered up from the cosmos.

Capricorn (December 22 ? January 19)

Clear space and get rid of clutter in May. Spring clean any unneeded items, people and habits from your life, Capricorn. Also take a serious look at your ego, especially in terms of stubborn resistance to change. Create from a mindset of integrity and truth.

Aquarius (January 20 ? February 18)

Patience is your keyword in May, Aquarius. Things are beginning to move, so continue to nurture your dreams. But remember that the Universe has a different speed than you. Originality, your special gift, has its place and time. It will come.

Pisces (February 19 ? March 20)

Peace, and the seeking of peace, is key in May, Pisces. It may help to remember that love is always the answer, in every instance. Even if you feel challenged, take the high road. Commitment, loyalty and practicality are the keys to your success now.
