Sport Aurora?s Mayor?s Breakfast of Champions Spotlight: Global Gymnastics

By Sasha Sirenko

This past year, Global Gymnastics Club had two provincial level 9 athletes that successfully represented their club in a number of competitions.

Lenne Dimkin and Jenna Pissani are both twelve-years-old and have done gymnastics for eight and seven years, respectively.

After completing three qualifying events both of them made Provincial Championships where Lenne won four gold medals and Jenna won one gold.

It didn't end there as both girls competed in the Eastern Championships and won two gold, three silver and two bronze medals between both of them.

They love gymnastics, want to reach National level and they definitely are on the right path for that.
