

Windrow clearing would be nice: reader

(Re: Windrow Woes, May 3)

I enjoyed your windrow column.

I grew up in Willowdale as a kid.

I remember having to get rid of snow at the end of the driveway.

At that time, I remember that in Etobicoke in some areas they had the windrow service. Not in North York where I lived.

So, having this service certainly isn't a new feature.

It would be nice here in Aurora.

That recent ice storm certainly gives windrow service a heads up.

Keep up the good work.

Don Oates
