

Alumna enjoyed reunion

As a past student of Dr .G.W. Williams Secondary School I just have to give a great big thanks to everyone involved in this past Reunion.

You all did a most amazing job from start to finish. I think everyone, myself included, had a fantastic time at all the events both Friday and Saturday.

I have been on previous reunion committees and know the passion, the hard work and long hours that it takes to get the whole thing put together, so thank you, one and all, for everything that went into the successful 125th reunion!
