

?Angel? helped save man?s life

On August 1, as my husband was leaving work, he collapsed and lay on the pavement outside of Home Hardware bleeding from the fall, silently asking for help. A lady approached and gave her jacket to him as a pillow. She then called 911 for an ambulance. My husband gave our phone number and my name and asked her to call. I arrived as the ambulance had just arrived and was not able to meet you.

I would love to thank her for being such a kind and caring person. She helped to save his life.

God bless you for being who you are.
