

Aurora ?exploded? with Culture

Aurora exploded on Saturday, September 28 with a vibrant energy as Culture Days was celebrated at four cultural venues. This was the second joint Culture Days collaboration by the Aurora Cultural Roundtable and attendance to all our events was beyond our expectations.

The Aurora Cultural Roundtable would like to thank The Auroran for their amazing coverage in the weeks leading up to our events, showing itself once again to be the pulse of what's happening in our community.

The Library is exceptionally grateful to Brock Weir for his participation as a Human Book. He was truly an engaging ?read? for library visitors.
