

Name a street, help the environment

The Town of Aurora and Treasure Hill Homes have put their heads together on a unique opportunity to help the environment.

The naming rights for a new street will be auctioned off at the Lake Simcoe Conservation Foundation's 27th Annual Dinner on May 27, which will be held in King. With a starting bid of \$2,000, the winner will have the opportunity to name a street in the Aurora Views community near the Leslie and Wellington area.
