

## Queen's York Rangers committee appreciated coverage

On behalf of the Committee who facilitated the recent breakfast in support of the Queens York Rangers, I would like to thank Brock Weir and The Auroran for the amazing coverage of the event.

The breakfast was the first in a series of events entitled 'A Day in the Life of a Soldier' created to provide funding for the Regimental Assistance Fund which goes to support soldiers and their families who have served around the globe.

Our first goal as a committee is to raise the profile for this incredible organization, deeply rooted in our community and proud of its historic relationship to Aurora. The leadership provided through The Auroran was outstanding and greatly appreciated.
