

SENIOR SCAPE: Congratulations, all!

By Charles Sequeira

Congratulations are in Order

Congratulations to everyone on the 'Payback in Paradise' murder mystery drama team for the two wonderful shows! Both audiences thoroughly enjoyed the play. For some, it was the first time they had seen a murder mystery performed. All the rehearsals and the time and effort you all put into this really made such a difference. The play was written Aurora Seniors' Association (ASA) member Bert Wheeler. What a lovely surprise the ASA Silver Stars received on Wednesday, October 9, after their performance when Cliff White of PROBUS Aurora presented to our director of the Silver Stars Drama Club, Judy Buchanan, a donation cheque of \$100 to the Aurora Seniors' Association.

Congratulations as well to our ASA Carvers, successful at a recent carving show. Sue Phillips and Fred Ash won ribbons at the Ontario Woodcarvers' Association 34th Annual Show and Competition. The event was held October 19 and 20 at the Pickering Recreation Centre. Sue won first and third in the novice division with her stylized geese.

Fred received a second in the Intermediate Division with his carving of an Ojibwa trapper.

Salvation Army Christmas Kettle Drive 2013

Councillor John Abel asks for volunteers to man this year's Christmas Army Kettle Drive in our community. If you can spare two hours, give him a call at the Town of Aurora or call Neighbourhood Network at 905-726-3737 and they will set you up at any one of three locations in Aurora.

Computer News

The cooler weather is coming so we will be staying indoors more. This may be a good time to ensure that your PC, tablet, smartphone or other device is properly backed up.

If you have photographs or documents that would be difficult to replace if your hard drive failed, do you have a way to recover your data? There are several ways to back up and protect your data.

You could store it securely in 'the cloud' or to another external device attached to your computer. The advantage of the cloud solution is that your data is available to you whenever you like, or wherever you are. See a computer club member for help or if you have questions about up a backup of your data.
