

Thanks for a good deed

This is to a very good man passing our driveway seeing us trying get a pathway through the ice the morning after the ice storm, plus the three-foot wall of ice across the bottom.

He stopped and with his pickup and blade cleared the wall out for us and drove away.

We, both my wife and I, would like to thank him so very much as he just sped away so quickly, so thanks again.

Don and Kay Greenham
